S.N.C.A. Volume 209 June 2024

Surge School Year End Celebration – Monday June 17th

Please join us and help celebrate the end of the school year! The kids are excited to show everyone the play they have been working on with Kate, and the parents will be offering refreshments as well as coordinating the lunch. The adult singers will also be sharing some songs.

Schedule of Events:

11:00 am - coffee time
11:30 am - welcome and performances
12:15 pm - lunch (potluck salads and desserts, the parents will be barbecuing burgers and hot dogs)
After lunch - baseball and socializing

Hope to see you there!

Bunkhouse Coordinator Report

May 2024 Highlights

May was a busy month! In addition to serving the kids some hot lunches and hosting some Coffee Houses, I created a Bunkhouse Users Guide to help event organizers orient themselves when using the building for the first time. The document proved to be useful as I oriented the Emergency Social Services volunteers in how to use the building as an Evacuation Center. Near the end of the month we had an Outward Bound leadership group use the Bunkhouse for their leadership training session. They loved the space and really enjoyed paddling around in our area.

I want to thank all the people that have been coming out for the social events and also give a special shout out to the amazing people who stay afterwards to help with the dishes and clean up! The events are such a nice opportunity to visit and catch up with friends and neighbours.

2024 Outward Bound Leadership Group visiting Surge

June 2024 Events

Wednesdays – 10.30 to 12.00 – Yoga with Rieko in the Gym

Mondays – 12.30pm on **June 3rd, 10th,** and **17th** (performance!) – Adult Singing with Kate

Wednesday June 5th - 1-3pm - Our Regional Director Robyn Mawhinney will be providing some updates on Outer Island topics including a recent solid waste report and the Connected Coast Project. Please come with your questions or discussion topics! Refreshments will be available.

Wednesday June 12th - Medical Clinic Day - Coffee and sweet & savoury goodies will be available from **11 – 2pm.**

Monday June 17th - 11am - Surge School hosts a year end celebration. Surge parents will be hosting a barbeque lunch and ask that community members please bring potluck salads and desserts.

Wednesday June 26th - 1pm on - Live Music! Jemma Hicken and Robbie Bankes are coming over from Cortes Island to share their musical talents with us. Together Jemma & Robbie weave together tender lyrics, funny storytelling, and catchy sing-a-longs to create a feel-good Canadiana-folk show.

Please contact me if you want more information, or if you'd like to volunteer or organize your own event in the Bunkhouse in the future.

Outer Discovery Islands Emergency Preparedness Report - June 2024

Tip of the month

Put an old pair of shoes or boots under your bed. Why? If there's ever an earthquake during the night, glass or debris may result. The shoes will help you get to a safer location.

Tsunamis

In our area, the likelihood of a tsunami is quite low. Scientists assert because of all the islands and channels around, any wave resulting from an earthquake, with an epicentre most likely in the open ocean, would dissipate into a small or barely noticeable impact here.

On northwest Vancouver Island, tsunamis are much more of a concern. To that end, a documentary "Tsunami, 11th Relative" is available.

This is an integration of traditional indigenous knowledge and modern ocean science (Ocean Networks Canada), showcasing the resulting community resilience.

https://www.youtube.com/watch?v=TSR20X6kbiA.

Important Emergency Information

Reminder: Our regional government, SRD, uses Alertable as their public emergency mass notification service. With Alertable, you have the choice to receive messages via phone, text, and a wide variety of apps (Messenger, Slack, Google Play, FB, Twitter, etc). Once you sign up, you will receive updates on local wildfires and road access, severe weather events, and any other emergencies.

This system was used by SRD to send us official updates during the Diamond Bay fire and again in summer of 2023 about road access during the fire at Bold Point.

If you haven't yet signed up, please take the time to do so at www.srd.ca/alerts.

Note that Alertable is different from the province's mass alerting system, AlertReady. If a severe emergency, you may also receive a notification from the provincial system.

What does "Evacuation Alert" mean?

An evacuation alert means be prepared to leave on short notice. It would be communicated by the SRD using "Alertable". A quick summary of what to do:

- Pack important documents and personal valuables, also glasses, clothing, toiletries, medications, and pet food if you have pets - for several days. Have ready your cell phone, charger, battery pack and ipad / tablet or compputer, purse/wallet and keys. arrange transportation, make arrangements for accomodation if possible.

- Ensure all family members know where to meet outside of the potential evacuation area; arrange transportation, make arrangements for accomodation if possible.
- Move those with special needs (eg elders with less mobility) or livestock to a safe area.
- Keep pets close by. Leashes for dogs and carriers for cats will help ensure pets don't panic and bolt.

What does "Evacuation Order" mean?

The order would be communicated by SRD using "Alertable" and means: You are at risk and should leave the area immediately. If time permits and they are available, RCMP, Coast Guard, and / or Search and Rescue will secure the area and control access until the order has been rescinded. In summary:

- Take pets with you, on leash or in carriers.
- Close doors and windows; turn off propane; turn on your house sprinkler system. If possible, leave both outside and some inside lights on so your house can be seen in heavy smoke.
- Leave following the directions from credible sources on evacuation routes.
- Contact your out-of-area emergency contact, let them know what has happened, how to contact you and where youa re going. Alert them on separated family members.
- Register with Emergency Support Services (ESS) so your friends and family know you are safe and where you are. An ESS reception centre will be opened in a nearby and safe location. ESS can provide ongoing information and connect you with financial assistance and clothes, food and accomodation.

Ginny Vassal - For Emergency Preparedness

SUMMER GROCERY SHIPPING SCHEDULE: WEDNESDAYS

Hi Surge Shoppers,

Starting on July 10th, the Groceries will be delivered on alternate Wednesdays through the summer.

We'll resume Friday deliveries on September 20th.

New shoppers, please contact me for ordering instructions: judithwright_@hotmail.com

Thanks, Judith

Brenda's Celebration of Life

June 22nd, 3pm at Rebecca Spit.

There will be a memory circle, paddle, potluck dinner, and dancing at the HBI.

Fire Safety Team Update

S100 Training – May 4-5.

19 of us attended the S-100 (Basic Fire Suppression) and S-185 (Fire Entrapment Avoidance and Safety) courses at the beginning of the month put on by Kate McLean and Avery Morach of BCWS (BC Wildfire Service). Everyone agreed they were very valuable courses. There were two exams at the end of the course and we had a 100% pass rate. Congratulations to Renate K., Merlin, Ralph, Lannie, Dana, Lisa, Bob, Rosie, Kyle, Dan, Sheila, Laurie, Jim, Steve, Ginny, Bruce, Max, Rand and Johanna.

One of the things we learned was that things are changing within BCWS as they endeavour to work more collaboratively with communities. Successful completion of the S-100 course certifies us to act as Emergency Fire Fighters. In addition, those who have completed their ICS-100 (Incident Command System) course in addition to S-100 and S-185 can be contracted to BCWS to assist in fighting a local fire.

Deployment Planning Meeting

Several of us gathered on May 22nd to talk through various scenarios if a fire were to occur at an inland property. Using first Sheila and Rock's property as an example, and then Maya and dood's, we agreed on the general steps we would take if we were to deploy to a fire. These steps are outlined in the attached document. We urge you to read through this and develop a similar but specific plan for your property. We will be doing a practice on Saturday June 1st. Meet at Sheila and Rock's driveway (GPS 50.1711, -125.1011) at 10:00am.

One of the critical things is that the moment you start attacking a fire with a fire extinguisher, call someone. As part of your fire plan (more on this below), you need to know who you would call immediately and have their contact information readily accessible. You also need to have a backup in case your primarily person is not available.

We all agreed that the quickest and simplest way to get the message out would be to post in the Fire Safety Communications group on Messenger. If you are already on Facebook, you can use Messenger and we encourage everyone to join the group. Just contact Rosie (rosie@executiveworks.org) and she'll add you. If you are not on Facebook and don't want to be, you can still use Messenger by creating a Facebook account and immediately deactivating it. Instructions on how to do this can be found here. Please be aware that this is a group messaging system so if you send a message, everyone gets it. As we populate the group, there may be lots of messages that come your way, but after that we hope to use it solely for notification in case of a fire.

Household Fire Plans

As part of preparing for a fire in the vicinity of your house, it is important that every household prepares a fire plan that can be given not just to local residents who are responding to the fire, but also to BCWS upon their arrival. Such a plan should consist of contact information for the person you would first call and their back-up, information about water sources, the best location for a look-out, the nearest safe zone and the location of the nearest dock and helicopter landing zone. More details are provided in the attachment. Please take the time to prepare your fire plan and send a copy to Jim. Jim is willing to come to every household to help you do this. Just contact him at jmallis@telus.net.

What to Bring to a Fire

If the call goes out to respond to a fire, please respond with two bags – a fire gear bag and a personal gear bag. Contents should be as follows:

Fire Gear Bag (all marked with your name)

- Pumps
- Fuel
- Hose
- Attachments (Nozzles, Y's, Stranglers, Water Thieves, etc.)
- Hand tools (pickaxe, shovels, etc.)
- Cutting tools

Personal Gear Bag

- PPE (hard hat, ear protection, eye protection, leather gloves, leather boots, coveralls and/or cotton pants and top – no synthetic fibres)
- VHF radios (more than one if you have them)
- Water and snacks
- Headlamp

Please consider preparing these bags ahead of time so you can deploy quickly.

With this cooler and wetter weather, it is easy to forget that this year's wildfire season is predicted to be quite extreme. We hope that everyone takes the necessary steps now to be as prepared as possible should there be a fire on any of our island.

The Fire Safety Team

S100 Training Day – Photo By Rosie Steeves

SNCA Board Shorts – June 2024

Recovery & Resiliency Grant

Solar Array for Surge Community Hub
The Hakai Solar Solutions team came to Read in May & we are waiting for their assessment for a solar array to power the school & the bunk house as part of the next financial year's plan for the R&R grant. It appears likely that the panels would be installed on the school roof.

Barge Landing Update
The road widening permit has been granted by MOTI so the work will happen this summer. We are currently in contact with our contractor, Bromack Excavation Ltd., & will make an announcement once we have dates for the roadwork.

Gym Heating
Henry is coming early in June to put together a cost estimate for a furnace and propane supply for the gym.

Sonora Freight Shed
The site is being prepared for construction & materials should arrive on the next barge.

Toy Zone Upstairs in Bunkhouse

The bunkhouse has been rented out to groups such as Outward Bound in May & it is problematic that when they arrived the toys upstairs had not been cleaned up after the kids had been playing with them. It is not part of Sheila's job to clean up after the kids. If your children are using the upstairs toy zone please clean up after them & put the toys away otherwise we may close this area down.

Emergency Helicopter Landing Area

This is a reminder that the school field must be kept clear at all times. It is our emergency landing zone for helicopters & cannot be compromised.

Room behind Gym (aka Music Room)

Thanks to Jen & Clarke for cleaning up the music room. The board is now using this room exclusively for emergency preparedness supplies & SNCA storage. Please do not allow students in or use it for unauthorized storage. We want to keep it accessible in case of emergencies.

Happy Father's Day! *SNCA board - dood, Renee, Zephyr, Clarke*

Message from Hugh regarding Road Maintenance Concerns

For those seeking to voice concern over the lack of road maintenance on Read or elsewhere in the Discovery Islands, you'll have to call the Mainroad Hotline at 1 877 215 7122.

All calls are recorded and logged. This is important to know.

Any calls to upper management will first look at this log book to see what has become so embarrassing.

If you live on Read you should state into the recorded response the priorities for brushing, pothole filling with the proper gravel, and ditching.

The last time our road was fully brushed was by Harper Graham at a cost I've heard of $25,000 when Emcon had the contract. Years and years ago.

Also a email to our HWY's District Manager who covers our area of Vancouver Island North to Ashley.Cousins@gov.bc.ca

She's willing to come out but hasn't had the opportunity to do so with Mainroad.

An email to Michele.Babchuck.MLA@leg.bc.ca wouldn't hurt as well, as Government Woodlots are involved.

Mainroad used to show up at least once a year with the HWY's district manager, but haven't for about two years, We've only heard promises and reasons for delays.

Community members have contributed volunteer labour to have things done, it has to be noted.

We accomplished much to improve our road work when they did come.

Mainroad contractual obligations to the Ministry Of Highways for maintenance is not happening now.

Tina suggested the school children write a email letter to Ashley Cousins about the school run and how its safety is being comprised by lack of sight on the road with brush growing out of the graded shoulder of the road.

So feel free to express your safety concerns about our road which also needs maintenance for Government Mandated Woodlots and private forest lands under management who together have over 50 percent of the island under cultivation.

The squeaky wheel gets the grease unfortunately, rather than working sensibly.

Time to speak up! Thanks! - Hugh McNab, Resident

Save the Date: July 19th and 20th – Mini Beach Fest at Lambert's Beach

There will be music at Lambert's Beach the weekend of July 19th and 20th. Tongue & Groove (Zephyr's Quadra band) will play Saturday night, and the Ukeladies and Joanna Finch will be performing too. Other acts TBA. There will be an open stage much of the weekend – other performers are welcome!

Let's keep it low-key. You're welcome to bring your friends and family, but please make sure everyone has their own rides, food, water and accommodations, and remember that it's a family friendly event.

Are you interested in playing music, selling food, transporting bands, or volunteering to help?

If so, please get in touch with Zephyr or Sheila via Messenger or at our email addresses: zef_13@hotmail.com and fashedo@hotmail.com
