S.N.C.A. Volume 215 December 2024

Christmas Concert 2024

The Surge School Christmas Concert will be held on Thursday December 19th.

Come join us for the much loved annual concert!

The School kids have been busy working on a play and songs to share with the community. This year there will also be some community performances: a Christmas themed play as well as songs. Any additional groups or individual performances are encouraged and welcomed!

The Concert will be preceeded by **hot drinks** and **snacks** and followed by a **potluck lunch and games.**

Concert Schedule:

- 10:30am - Hot drinks and snacks
- 11am sharp - Concert begins
- Followed by potluck lunch and games

We look forward to seeing you all there!

Bunkhouse Coordinator Report – November 2024

It was great to see many folks coming out to November events despite the rain and storms. The Bunkhouse got a lot of use this last month, between weekly cooking classes with the school kids on Wednesdays and weekly Coffeehouses on Fridays.

Here's the tentative December schedule (below). Please keep an eye on the Surge Narrows Community Facebook page for regular updates.

Wishing you all a merry month ahead. Feel free to get in touch if you want help planning an event at Surge in the new year.

- *Sheila Hollanders, Bunkhouse/Community Coordinator* fashedo@hotmail.com 250-203-9490

December 2024 Events

Sunday Dec 1 - Musical Performance by Saltwater Hank

- 12pm Community Lunch
- 1pm Performance.
- Saltwater Hank is a singer/songwriter based in BC, and a member of the Ts'msyen (sometimes spelled Tsimshian) people. His new release is something truly unusual and special, Titled Gal'üünx Wil Lu Holtga Liimi, this album is delivered entirely (or nearly entirely) in Sm'algyax, the Ts'msyen language.

*** $30 suggested donation per adult. Includes lunch, dessert, hot drinks and music. Kids 12 and under free! ***

Wednesday Dec 4

- Medical Clinic * Community Play Rehearsal from 11am to 2pm * Community choir rehearsal 2pm

*** The Bunkhouse will be busy with rehearsals for most of the day, but if you need to come warm up and get a hot drink please enter via the kitchen entrance and help yourself (I will be in the rehearsals!)*

Friday Dec 6

- Grocery Delivery Day
- Possible OCP meeting? TBA, will be announced on Facebook

Wednesday Dec 11

- Kids Cooking Class * Community play rehearsal from 11am to 2pm * Community choir rehearsal 2pm

Wednesday Dec 18

- Kids Cooking Class * Community play rehearsal from 11am to 2pm * Community choir rehearsal 2pm

Thursday Dec 19 – Surge School Annual Christmas Concert

- Followed by a potluck lunch (Surge PAC will provide some main dishes). See front page for more details.

Friday Dec 20

- Grocery Delivery Day

Tuesday Dec 31 - White Elephant Gift Exchange and Potluck Lunch

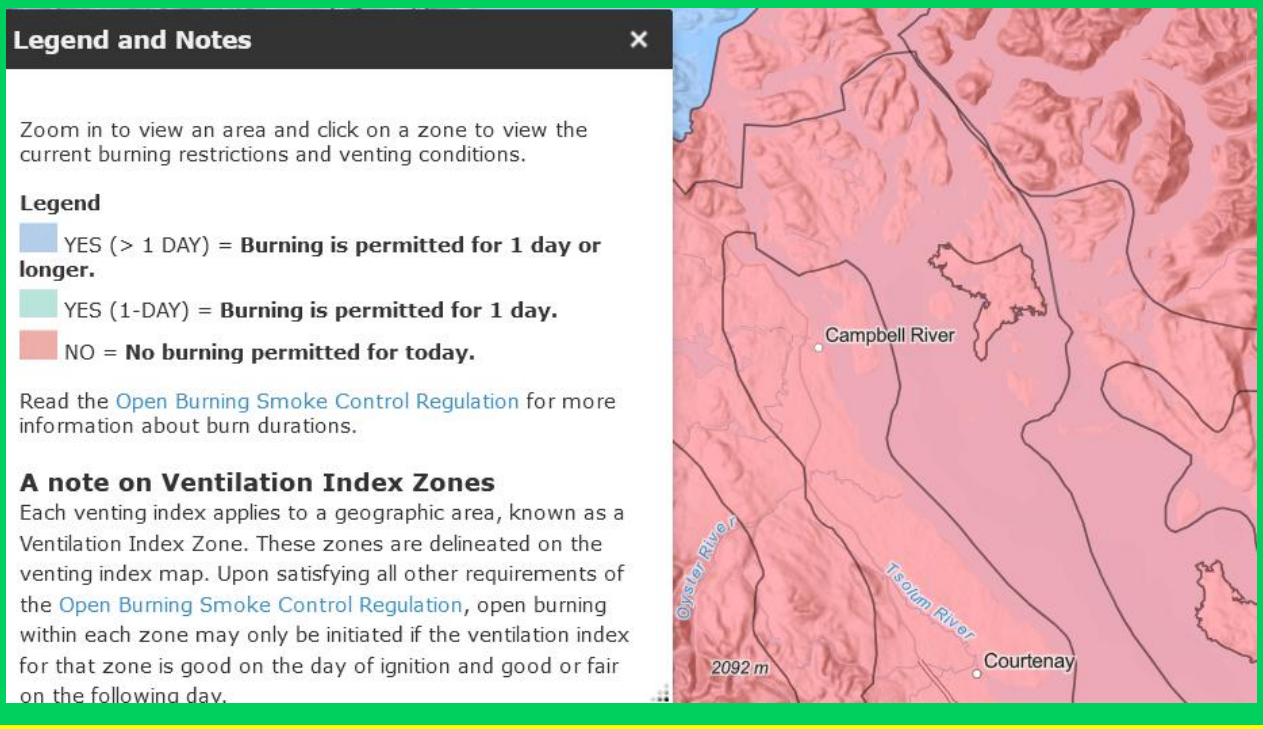
- Please bring one wrapped gift per person in your group, plus a potluck lunch item to share.
- Lunch @ 11:30 followed by the gift exchange

Emergency Preparedness Report - December 2024

Backyard Burning - Did You Know?

When doing a fall, winter or early spring backyard burn, along with your safety precautions, please:

1. Let your neighbours know your plans. Smoke plumes can be seen from the distance and sharing your plans can prevent neighbourhood concern and calls to BC Wildfire.
2. If your fire will be large (3 or more piles less than 2 metres high and 3 metres wide OR 1 pile larger than 2 metres high or 3 metres wide), obtain a BC Wildfire open burn number, by calling 1-888-797-1717.
3. Check the venting index from the BC Ministry of Climate Change – easiest to see at https://www.arcgis.com/apps/webappviewer. For instance, on Nov 24, 2024, no burning was permitted.



Emergency Preparedness Training Plans for 2025

Dates and logistics are currently being worked on:

1. 1 day Emergency First Aid at Surge Narrows – spring 2025.
2. Potential for 1-day psychological 1st aid (for self and others)
3. Potential with SRD (working with Regional Director Robyn) – wildlife safety (bears, cougars, wolves).

SNCA Board Shorts – December 2024

Thanks to Hugh, Clarke, & Dan for getting Mainroad onto Read to start maintaining our road system & supporting their workers during that job. It wasn't ideal seasonal timing but at least a start has been made in attending to some of the most urgent issues.

Thanks to all who wrote to Campbell River City Council about their financial cuts - I'm not sure it directly impacts our permissive tax exemption for Lot 302 or grant in aid but it definitely will impact other non profits in town such as the Tidemark Theatre. The Council voted to continue with the cuts & have released a report - read here: https://www.campbellriver.ca/your-city-hall/news/news-detail/2024/11/23/new-financial-assistance-policy-continues-to-invest--2.9-million-in-non-profit-organizations

Recovery & Resiliency Grant

The next installment of this grant is currently being transferred to us. Once it has arrived we will start to focus on projects for the current financial year. Installing solar power for the bunkhouse is likely to be the next big project.

Thanks to everyone involved in bringing the Anker Power Station unit to the school as an interim solution to run the fridge/freezer during the times when the generator is off. In particular, I would like to recognize Dan who not only received the very heavy package in Vancouver but also transported it up to Quadra for Clarke to pick up & take out to the school - many thanks to both of you for going above & beyond your volunteer commitment. Please note that the fridge/freezer only may only be used for school food program supplies & is NOT for personal use.

Renate Harvey will be working on a questionnaire for the community about future project priorities. We will be distributing it later this winter.

As always we are open to hearing your wish list for community based projects in the coming year. Please contact a board member or email surgenarrows@gmail.com

Contract Renewal for Bunkhouse & Newsletter Positions

We have renewed Sheila, Clarke & Zephyr's contracts for a year based on the positive feedback about the difference their work has made in our community.

Gym Heater

The propane furnace has arrived this month, however, due to supply chain issues some vital parts for installing it are on back order. So whilst we hope to have it installed soon, with the current mail strike we are figuring out whether there are other delivery options that we can use.

Dock Carts

We are currently looking for grants to extend the very successful pilot project at Surge Narrows. Dan is in charge of this project if you have comments or suggestions.

Surge Revitalization Project

Strictly speaking this is NOT under SNCA's jurisdiction. The Revitalization subcommittee is organizing a meeting in December to view & discuss various building designs that the SRD have proposed.

Communications Note

Please use the board e mail surgenarrows@gmail.com to bring local concerns or issues to the board's attention; or to ask questions rather than our personal email accounts. This allows us to manage our volunteer commitment in a healthier & more professional way. Thanks for your understanding & help with this request.

Hoping that you all have happy holidays! *- dood, Renate, Dan, Clarke & Renee*

John Polk's Travel Tales 5: "Honduras"

The frontera from Guatemala to Honduras had a mass of humanity lined up for the crossing. It looked like a few days of suffering before I'd cross.

Luckily, a military officer spotted me. He spoke English. "Where are you from?"

"Homer, Alaska" I replied. "Oh, the Captain just returned from halibut fishing in Alaska. Come with me."

The Captain greeted me with a smile and handshake. "Coffee?"

Soon, the fishing stories came hard and fast. A few hours passed, and we became friends.

He had a soldier drive me to the next town in Honduras.

The village was nestled in a valley, high mountains all around.

A steep twisty road led down into the village.

As I descended, I encountered many young men boogying into the hills.

I made my way to the central town square.

A nasty looking Sergeant and some rough looking troops were rounding up the unfortunate young men who hadn't headed for the hills. A small time General was enlisting new "volunteers".

Quietly I slipped away.

At the one hotel in town, the owner was sobbing. Her son had been snatched. She and her son owned the hotel. Her son cleaned the rooms and helped with cooking.

She was a lovely, kindly lady. For a week or so, I cooked and did the rooms.

Her son came home hungry and happy.

The General had run out of food and money. Those who lived had come home.

OCP Update - From dood

Something strange & disturbing happened this week when the SRD admitted at the OCP meeting on Quadra that they are planning to use one OCP for all of Area C. This directly contradicts my understanding of what they said in our Outer Island OCP meeting in October & the report that our Regional Director had written in the latest Discovery Islander. As none of the advertisements for this week's meeting had suggested that it applied to the whole of Area C, I had not made it a priority to attend it. Fortunately, Jim Abram did attend - he reported back to us that the SRD planning team are adamant that there will only be one new OCP for all the islands and mainland inlets - apparently he asked the planners the question twice just to be sure.

Myself & several other concerned community members contacted Robyn to ask for further clarification. We are publishing below her email inquiry to the SRD & their replies. I think that it's important to give you all an opportunity to form your own opinions.

What you can do:

- Subscribe to updates on the planning page: https://srd.ca/area-c-ocp/
- You can also send an email directly to the planners at: planning@srd.ca

This is not directly SNCA business so we will have to figure out how best to coordinate our efforts & strategize. I am writing here as a concerned community member, not as Chair of the SNCA Board - FYI the Board recently voted not to take on OCP business.

I am willing to remain part of these efforts as I consider it vitally important for our community & I acknowledge that as Chair of the board it is easier for me to coordinate with Robyn & the SRD as they see me as a point person representing the Outer Island community whether or not we all agree this is correct! - *dood*

Re: Request for clarification about the OCP for the Outer Islands (Desolation Sound Rural Land Use Bylaw Area) – From Robyn

Hello folks,

Thank you to the community members who reached out with questions and concerns about the Area C Official Community Plan process and how the Outer Discovery Islands fit into the OCP process.

Until this was raised it's been my understanding that there would be separate 'schedules' for the different parts of the vastness that is Area C. Upon receipt of several inquiries, I reached out to staff, asking them to please clearly specify how the OCP work being done in the Outer Discovery Islands/within the Desolation Sound Rural Land Use Bylaw will be included within the new Area C OCP.

In interests of transparency and that all Director correspondence is public information, **below is the complete response I received from Aniko Nelson, Community Services Manager, regarding the above noted matter.**
I'm grateful to community members for your inquiries, thank you. The OCP process is intended to be community led and respond to the desires of the community. Planning staff would like to receive concerns and hear from residents directly. Please send your thoughts to planning@srd.ca … as always, I welcome you cc'ing me your emails (rmawhinney@srd.ca) so I am in the loop.

Sincerely,
Robyn Mawhinney, Regional Director for Discovery Islands and Mainland Inlets (Area C), SRD
Call/text: 250.203.2468

Subject: **RE: Important OCP follow up**

Hello Director Mawhinney,

Thank you for sharing the few comments that you have heard from the community. It would be helpful for us to hear from residents directly, or to be forwarded their full comments, so we can better understand the nature of their concerns, fears, and misconceptions to ensure our communications address them more completely and accurately.

Public planning processes are always interesting because they spark lively conversation, highlight the diversity and wide range of opinions held within our communities, and then bring us all together under one common cause… in this case, one Official Community Plan for all of Electoral Area C. To an observer, the process can appear inefficient, messy, or disorganized, but what is really happening is something truly magical. Together, we are creating a space for neighbours to talk to each other about their values, their hopes for the future, and their creative ideas about how to get there. We purposely don't define a rigid step-by-step process because we want to ensure that it is flexible and adaptable (two key words from Wednesday's mind-mapping exercise!) to community interests and needs. Of course, this doesn't satisfy every individual and there will always be (sometimes louder) voices that would do things differently. We acknowledge that and hope they continue to talk to us and express their thoughts, including their frustration. This is a vital part of the process.

Most positively, we also want to recognize the many other (sometimes much quieter) voices that finally feel heard and are pleased to see where this is going. We have now held two meetings, one on Read Island and one on Quadra Island. Both were well attended, with about 45 people at the meeting on Read and about 75 attending on Quadra, and both resulted in fulsome discussions and a fleury of written comments. The Read residents fully understood and were supportive of the move towards a new Electoral Area C OCP that to include the entire area, as is the format for Electoral Areas. For example… residents of Read Island wrote to say, "Really appreciate the ideas and interconnectedness!", while on Quadra we heard, "Great start!" and a hope that this process be "intergenerational, agile, and adaptive." Shared themes are also emerging, with participants at both meetings highlighting a deep concern and care for the natural environment and the ecological systems that sustain us, a desire that seniors are supported to 'age in place', and that families and young people can build their lives and grow old in Area C too. Coming together as one Electoral Area enables us to think more holistically, while still reflecting localized conditions, needs, priorities, strengths, and flair.

The development of an OCP is certainly a journey, and we have just taken our first two steps. How the document is laid out is dependent on the desires of the outlying islands and mainland inlets. It is clear that the existing development of policy and regulation has been dictated by a very outdated process, no longer accepted by legislation. The Electoral Area will be best served by a consistent approach as supported by the legislative requirements while ensuing that, where required, individual areas have specific references. We envision a holistic OCP that addresses the area as a whole, with specific policies that may be area specific identified, where necessary.

We are excited to engage more portions of the region to determine the next steps in the process. Stay tuned…

Have a great weekend!

Aniko

Read Island Truck or Treaters! – *Photo by Renate Harvey*

The students have completed their new PE equipment stand. This will help keep the hoopla hoops and jump ropes organized – *from Susanne*
